

# 3.5MM TO COMPOSITE

## VIDEO & STEREO AUDIO CABLE

(SKU: CC399-XX | REV1) MANUAL V1

### Applications Guide:

This cable can be used on any camcorder & other devices with 3.5mm audio & video output port. Refer to the following guide on how to properly connect the cable to HDTV port.

- a) Most camcorders including HD-type use standard **YELLOW for VIDEO**, Red and White for AUDIO
- b) Older camcorders that use the previous "camcorder" pin-out must use **RED for VIDEO**, Yellow & White for AUDIO.
