

MULTI-PURPOSE LAP DESK WITH LIGHT

(SKU: LD-LED) MANUAL V1

Installing the batteries

- a) Lay the unit upside down and fully unzip the zipper.
Pull back the cushion to expose the battery compartment.
- b) Remove the battery compartment and slide the battery cover off.
- c) Insert (3) AA batteries into the battery housing.
Match the polarity +/- symbols on the batteries.
- d) Replace the cover.

Activating the reading light

Reading light can be turned on/off by sliding the switch located on top of the light.

Safety

1. Do not leave the unit near open flames.
2. Do not stare directly into the LED light.
3. Always place cup securely in the cup holder.
4. Do not move the unit when a liquid-filled cup is placed in the cup holder.
5. Do not use this item for anything else other than its intended purpose.
