

3.5MM TO COMPONENT VIDEO & STEREO AUDIO ADAPTER KIT FOR SAMSUNG HDTV

(SKU: CC399AV-S2 | REV1) MANUAL V1

Applications Guide:

This adapter kit is for any Samsung HDTV with dual with 3.5mm audio & video output port. Check your HDTV's manual for more details.

- Connect Dual-RCA (Blue 3.5mm) to Samsung HDTV 3.5mm labeled "COMPONENT IN". This will provide Red and Blue of component video's RGB colors.
- Connect Tripple-RCA (Yellow 3.5mm) to Samsung HDTV 3.5mm labeled "AV IN". This will provide stereo audio (Red & White) and Green of component video's RGB colors (Yellow RCA female connector with Green tag).
- Use your existing 5-RCA component video and audio cable to connect legacy devices such as DVD or VHS player to HDTV.
